SAMARTHAN TRUST

Annual report of the activities/ programs for the years

Year 2006-2007

AT AHMEDABAD:-

1. Craches:- In order to help middle class working women and their kids we are running women and their kinds we running craches for small children at Ahmedabad and the women drop their children at the time for going on job and pick them up when they come back home. Craches at Ghatlodia Ahmedabad the Craches have been running with the help of Gujarat State Social Welfare Advisory Board. The children women using this services are belowq poverty line in most of the cases. The children are given supplementary nutritious food. They are also pre-primary education inputs. The children are give re-creation and games for playing to help their physical and mental growth. Attempts are being made to enroll the mothers of the children in self help groups to help them much more based on information collected from them.
2. Tailoring, Embroidery, beauty parlor, computer, etc.:- The above training course for different durations depending on the need of the trainees are run at Ghatlodia Ahmedabad. Each of the batch comprises of 15 trainees and the course begin when requisite number of trainees are available to make a batch. This training course is a part of routine activity for our institution.
3. Gernal Awarenesss and saving Groups:- We being an N.G.O. working for female we are organizing awareness programs and Shibirs on women's legal rights, fight against exploitation, Health awareness, environmental awareness programs, and we are also running in Naroda and Danilimada . S.H.G. groups are liked with D.I.C and W.E.D.C., D.I.C and W.E.D.C have

sanctioned loan for the women of the group so as to ensure that they can earn independently on their own.

4. **Community Health Worker Project:-** Urban R.C.H.2 in the stadium ward this project had been implemented by us in the collaboration and support of Ahmedabad Municipal Corporation. There are 13 workers under this project. In the population of about 3000 each 1 worker is placed in the population. The activities pertain to R.C.H. as also in connection with urban Family Welfare Centre. The activities include coordinated. Beside this the health workers also work to combat epidemics or deceases like malaria, jaundice, polio etc. The workers also co-operate in national vaccination program. The children from 0 to 6 age group are in focus.
5. **Anganwadi Project-** at Norad Road, Ahmedabad day care centre supplementary food centre:- We are running this project with co-operation and collaboration with I.C.D.S. and Ahmedabad Municipal Corporation. Our trust has implemented this project in the areas of Naroda Road by opening 33 Anganwadi Centers. These 33 centers cater to the needs of pregnant women and breast-feeding mothers and children up to 6 years of age by providing them with supplementary nutritious food. One anganwadi covers at least Population of 1000 in the area. The children are also provided pre-primary education. Besides this we have formed Matru Mandal (Mothers Group) which helps in providing health related services. Members of matru mandal also help a little bit in exigencies like non availability of anganwadi helper due to vaccination drive and alike. There is one centre per population 1000 every month 33 anganwadi. At present about 1800 children and 250 breast feeding mothers are getting supplementary nutritious food from the centers. Our Trust also works for availing health related services by coordinating with Urban Family Welfare Centers of the concerned area with

a view to provide the mothers with Iron, folic acid and other health services and also the provide the children with health services and family welfare services. The activities help to great extent in reducing children mortality rate and mother mortality rate. The Urban Family Welfare Centers provide the R.C.H related services which have positive effect on life of the women and we coordinate with all such services for the benefit of women and children. A mandali of Anganwadi helper, workers has been started and it works to provide food grains like wheat and other items like soap, tea, masala pickle etc to women members on loss no profit basis. National and Religious festivals are also celebrated in anganwadis. From January 10 unmarried girls holding BPL cards in the age group of 12 to 18 years from each anganwadi have been selected in certain cases if BPL card is not available a certification from the doctor is accepted all such needy girls are giving supplementary nutritious food and tables of iron and folic acid. Which can help girls to fight anemia and mal-nutritious. These girls are also given information required for and adolescent girl on the issue of motherhood and child -care, with reference to physical growth and development.

6. Paryavaran Jagruti Shibir (Environmental Awareness Camp):- Our Trust has implemented Environmental Awareness Camp under National Environmental Awareness Program in collaboration and help from VIKSAT. We had organized and awareness camps from rural women on the issue of use of water. Our focus was on proper use of water in order to save and preserve and use with economy potable drinking water. Water is one of the basic resources for human beings and all other beings vegetation. The focus was on the use for the domestic purpose and for agricultural operations. We had organized training for the purpose of wormi compost shade and such

shade had been made at Raisangpar from which women can learn and earn. Shri Padhiyarbhai explains to the group of women as to have wormi composed can give earning and how farmers make use of the same.

AT HALVAD TALUKA – DIST. SUREDRANAGAR

7. **Developmental Training For the Adolescent girls and boys of Halvad Taluka Dist Surendranagar:-** The above said training aimed at developmental aspects including health and psychological make up of adolescent girls has been implemented. On 12 Aug 2005 Youth day had been celebrated within Y.R.S.H.R. net work in collaboration with CHETANA and MAMTA, Delhi. And exhibition Youth had been organized on the subject of sex education. In the discussion the question received from the Question box had been answered Information about reproductive health had been given to the participants. This year subject under Y.R.S.H.R. has been avoiding early marriage and early delivery and instead accept late marriage and late delivery. We work with Youth and Parents from 10 villages of Halvad Taluka on the said subject and we organized Youth gathering (Yuva Samelan) 12th August seven different institutions from Dist.Suredranagar has joined the above activities. The activities were covered by media. A Yuva Raley as also had organized the raley was attended by T.D.O block health officer, Assistant Health Officer, A.N.M, and other teachers and guests, reporters, N.S.S. coordinators and guests.
8. **Tailoring, Embroidery, beauty parlor, etc.:-** The above said training courses for different on the need of the trainees are run at Halvad Dist.Suredranagar. each of the batch comprises of 15 trainees. This trainings courses is apart of routine activity for our institution.
9. **Family Counseling Centre:-** There had been no Counseling Centre in the area to meet the needs of couples in the surroundings 25 villages. The

traditional panchas or the mechanism for solution available in caste system very often helps the rich. People used to suffer a lot due to the problems of marital disharmony.

We have, therefore, in order cater to the needs of many sufferings couples started a Family Counseling Centre under collaboration of Gujarat State Social Welfare Board, and Central Social Welfare Board.

Necessary centre works for the couples in distress and the centre has started from March 2004.

Necessary canvassing in Courts, advocates, professionals, Sarpanchs and other influential groups have been done to ensure smooth function centre.

The family counseling center is also helpful to the cliental because information with regard to education employment self-employment and other useful services are available in terms of helping to approach district employment and industries department for registration BPL card young man and women are given information on reproductive health also.

For the year 2005-2006, 60cases were registered in the Centre and there was settlement after counseling in 17 cases. The remaining cases have been carried forward to the New Year for future action. In the working of family counseling centre the member of Sub-Committee which includes Doctor, Social Worker and Advocate has well as local P.S.I are very much helpful and they give full co-operation.

In order to popularize the services of F.C.C we have approached teachers of the schools and the college and also influence elderly person in the society. Our attempt is to spread services network of F.C.C in rural areas.

10. Self Help Group: - Nabard had given sanction for fifty self help group for BPL & APL women in the age range of 18 to 45 years. The groups are

further classified and gradations are given and if they want to earn they are help by loan from the bank. The self help groups are helpful by way of health related social and economic activities.

Dist. Court Surendranagar and Halvad Court have granted us centre for giving information on legal services. This activities of spreading information on legal services in youth, women, students, villages and others is conducted in collaboration authority. Information about implementation of different law is given by way of organizing Shibirs in Halvad & surroundings villages. With the help of primary and secondary schools. Moreover we also participated activity in Lok-Adalat and our councilors fo F.C.C also participated to help settlement of disputes/marital discord.
